811 Turbo Cabriolet in Stone Grey with 20-inch 811 Turbo wheels painted in high-gloss black (optional)

Philosophy

Why shouldn't you make something special even more special?

Ferry Porsche once said, "We think it's more important to make especially good cars than to make an especially large number of them."

A way of thinking that's traditional at Porsche, and one that you will still find here today. Since 1986, under the name Porsche Exclusive, we have been dedicated to fulfilling our customers' special wishes and developing unique vehicles, bringing ultimate personalisation to the road. Because the possibilities of tailoring the design and performance of your Porsche to produce a distinctive, one-off creation are practically inexhaustible.

In addition to using the best materials like leather, Alcantara, carbon, wood and aluminium, our most vital commodity is our craftsmanship. It is only by using our hands that we can meet our own high requirements, when applying leather, painting or polishing. Or when tailoring and stitching or when assembling parts in our Exclusive manufacturing process. Always taking the appropriate amount of time. Or, in other words, with the greatest care, composure, concentration, passion and devotion. To result in a consistent concept, right down to the smallest detail. Truly a one-off creation. Your Porsche.

Examples of ultimate personalisation using natural leather

Exclusive examples

We'll never stop making dreams come true.
Let's shake on it.

Our challenge is to realise your dream car, just the way you envisioned it. With visual and technical enhancements for the interior and exterior, from a single alteration to extensive modifications. Tell us what you would like and we will do our utmost to make it happen, provided that it is technically feasible and does not compromise on quality.

We can make your vehicle even sportier, even more comfortable and even more individual. What can you expect? Originality, inspiration and enthusiasm, beginning as early as the consultation. Focusing on what is most important: your particular wishes. Even with the choice of materials. Whether high-quality leather, Alcantara, wood, aluminium or carbon – we give every detail our full attention.

The following examples are intended to inspire you. Give free rein to your imagination and then create your complete dream car at your Porsche Centre or online with the Porsche Car Configurator. The Porsche Exclusive team at our Customer Centres in Zuffenhausen and Leipzig will also be happy to help.

Useful information on how to design your Porsche can be found on page 52. Turn to page 54 or visit www.porsche.com to find lots of interesting facts from the world of Porsche.

911 Carrera 4S Cabriolet

Mahogany Metallic

Why shouldn't you fully express
your own identity?

A sports car with the 911 identity that
blends the tractive force of an all-wheel
drive with the qualities of a cabriolet.
This is anything but an ordinary car.

The 911 Carrera 4S Cabriolet confidently
expresses this in a purely aesthetic way
with a wider body, a wider rear track and
wider rear wheels. For a production
model, it is extremely individual. You've
noticed this already, but why not go
one step further and have it personalised
entirely as you've always imagined?
You can create a car that is more sporty,
more powerful and more individual.

At Porsche Exclusive, we refine your
Porsche so that it looks exactly how you
pictured it. After all, it's not just about
the 911 identity, it's also about yours.

The 911 Carrera 4S Cabriolet in
Mahogany Metallic is an example par
excellence. Equipped with the Carrera S
Powerkit engine upgrade to 306 kW
(430 hp), its engineering meets high
standards – yours. As does the styling,
thanks to the SportDesign front apron.

- 1 New upper panels, sports exhaust system, wheels painted in exterior colour (optional).
- 2 SportDesign front apron, headlight cleaning system (overs painted), wheel rim cover (overs painted), wheels painted in exterior colour (optional).
- 3 Mahogany interior package, heated multifunction steering wheel (including), leather console trim in mahogany, PDK package in leather, Sport Chrono stopwatch instrument cluster (overs flag), air vents in leather, and belt buckles in leather.

Visit www.porsche.com/exclusive and discover everything about the configuration of this unique car.

The wheels partially painted in the exterior colour of the car, the painted exterior mirror lower trims or painted covers of the headlight cleaning system show the small, but fine details.

You've seen that the 911 Carrera 4S Cabriolet in Mahogany Metallic places equal emphasis on classic and sporty features. The same is true of the interior. After all, inner values are key to any identity.

The interior blends exclusive leather and wood. No fewer than three extended trim

packages in leather – the dashboard, door and rear compartment trim packages – have been stylishly combined. The effect is accentuated by the rear-view mirror in leather, the PCM package in leather and the seat belt outlet trims and belt buckles in leather. An elegant contrast is created by the interior packages, the multifunction steering wheel and the centre console in fine mahogany. As a result, the 911 Carrera 4S Cabriolet in Mahogany Metallic is not only an expression of your individuality, it is also, and above all, a car with which you can identify. 100 %.

- 1 Leather-reinforced interior-outfitting, PCM package in leather, air-vents in leather
- 2 Steering 2 Package
- 3 Door trim package in leather, mahogany interior package
- 4 Wheels painted in exterior colour (optional), exterior mirror lower trim painted

911 Carrera S Cabriolet

White.

Elegant.
White.

An open vehicle concept, a boxer engine and everything made exactly the way the driver had envisioned. This was the principle behind the very first Porsche, the 356/1, which was built under the guidance of Ferry Porsche in 1948.

Today, more than six decades on, we continue to create the cars of your dreams. With a tastefully combined exterior and interior, the 911 Carrera S Cabriolet in White exemplifies how your car can be exquisitely tailored to your wishes – in our factory where dreams become reality.

The 911 Carrera S Cabriolet in White is an open expression of genuine individuality. The classically pure exterior colour originated in motorsport. The SportDesign package creates an even more dynamic appearance, which is reinforced by the 20-inch SportTechno wheels. Sports taillpipes provide the stylish finishing touch to the rear end.

In the interior, Espresso leather is tastefully combined with trim strips in brushed aluminium for an elegant contrast.

- 1 SportDesign package, headlights cleaning system, exterior mirror heat control, 20-inch SportTechno wheels
- 2 20-inch SportTechno wheels
- 3 Brushed aluminium interior package, centre console trim in brushed aluminium, Porsche Crest embossed on headrests, storage compartment (all with Porsche Crest), air vents in leather

Visit www.porsche.com/usa to discover and discover everything about the configuration of this unique car.

What makes a dream unique? The answer lies in a multitude of extraordinary details.

Do you want a SportDesign package for the exterior? For the interior, would you like a Porsche Crest on the centre console storage compartment lid? Are you tempted by the Sport Chrono stopwatch instrument dial face in white?

All of the above, and more, are possible. We give you the opportunity to add greater individuality and personality, so that your vehicle from Porsche Exclusive can become reality. Little by little, piece by piece, millimetre by millimetre.

Your dream in white. The 911 Carrera S Cabriolet in White.

- 1 Storage compartment for anti-theft device
- 2 Sport Chrono stopwatch instrument dial in white
- 3 Rear spoiler control, sports telescopes
- 4 SportDesign package, interior door lower trim pieces, 20-inch SportDesign wheels

911 Turbo

Line Gold Metallic

Strictly speaking,
its golden age began way back in 1974.

There's a certain strength in serenity.
This was true of the first 911 Turbo back
in 1974. And it applies now to the
911 Turbo, type 991 – just as it does to
any personalised touches we add before
the car leaves the factory. Everything
is conducted with dedication, precision
and patience. And, of course, to your
own personal wishes. One example is the
911 Turbo in Line Gold Metallic.

From the outside, it's clear to see straight
away: the Turbo Aerokit painted in
black (high-gloss), black sidekirts, black
extending rear wing, black slats on the
rear lid and a black rear apron. The
original spoiler trim at the front and the

fixed part of the rear spoiler are in the
exterior colour. Other features include
the Bi-Xenon main headlights in black
including Porsche Dynamic Light System
(PDLS), SportDesign exterior mirror lower
trim painted in black (high-gloss), air
intake and outlet grills painted black, pri-
vacy glazing, taillights in clear glass look
and the 20-inch Sport Classic wheels
completely painted in black (high-gloss).

And inside the vehicle, one highlight fol-
lows the next too, with each detail comple-
menting the other to create a harmonious
appearance. One particularly striking
feature is the leather trim in the two-tone
combination of Agate Grey and Line Gold.

2 Turbo Aerokit painted in black (high-gloss), SportDesign exterior mirror lower trim painted in black (high-gloss),
20-inch Sport Classic wheels painted in black (high-gloss), air intake and outlet grills painted in black (high-gloss),
rear side air intake grills painted, Bi-Xenon main headlights in black including Porsche Dynamic Light System
(PDLS).

2 Turbo Aerokit painted in black (high-gloss), taillights in clear glass look.

3 Carbon interior package, centre console trim in carbon, SportDesign steering wheel in Agate Grey, privacy glazing
in Acoustic, armrests and floor mats with leather edging.

Visit www.porsche.com/usa to discover and describe everything about the configuration of this unique car.

Decorative stitching in Line Gold adds styling accents to the dashboard, the door trims and the backrests of the Sports seats Plus. Further decorative stitching can be found on the air vents, the leather steering column casing, the transmission tunnel in the rear, the leather storage compartment lid with model logo and on the rear seats. Even the personalised floor mats with leather edging have decorative stitching in Line Gold.

The carbon interior package, the carbon centre console trim and the personalised and illuminated door sill guards in carbon

provide additional touches of refinement, leaving you in no doubt that this 911 Turbo in Line Gold Metallic is a true Porsche Exclusive vehicle.

A 911 Turbo has an abundance of reserves – and lots of potential for personalisation. So alongside high-tech carbon, this example of a Porsche Exclusive vehicle also features hard-wearing Alcantara on the SportDesign steering wheel and the PDK gear selector. Should you have any more requirements, we'll be happy to oblige. After all, virtually anything is possible in the golden age.

1 Sports seats Plus backrest in leather

2 Rear compartment lid in leather, transmission tunnel in rear in leather with decorative stitching, gold leaf lacquer in leather

3 Carbon interior package: SportDesign steering wheel in the drivers', PDK gear selector in the drivers',

1100 package in leather, personalised floor mats with leather edging

4 Turbo Exhaust painted in black high-gloss, taillights in clear glass look, primary green, 20 inch Sport Design wheels painted in high-gloss black lacquered, air intake and water grids painted in black high-gloss

911 Turbo Cabriolet

It has an eternal philosophy:
the sky's the limit.

Those who have an unquestionable belief in their own capability don't compete with others - only with themselves. It's seen in the way they continually reinvent themselves, follow ideas of their own and refuse to stand still. This very attitude is typified by the 911 Turbo Cabriolet. Precisely because it has always kept an open outlook.

It's a philosophy that has made this car unmistakable since day one. And nothing has changed between then and now, certainly not as far as its extraordinary performance capabilities are concerned. Precise down to the finest detail. Technically and visually sophisticated.

Capabilities that are as consistent with your individual wishes as they are with the distinctive character of the 911 Turbo Cabriolet. And the best thing? You can inject this car with some character of your own to make it what it was intended to be: a 911 Turbo Cabriolet tailored entirely to your taste.

Like the 911 Turbo Cabriolet in Slate Grey. From the first glance, the exterior conveys the presence of an enormous inner strength - and a highly developed sense of the essential: style. This statement is underlined, among other things, by the SportDesign exterior mirror upper trim. And the 20-inch 911 Turbo wheels completely painted in high-gloss black.

- 1 SportDesign exterior mirror upper trim in carbon, 8 Xenon main headlights in black including Porsche Dynamic Light System (PDLS), headlight cleaning system + wipers heated, 20-inch 911 Turbo wheels painted in high-gloss black (optional)
- 2 SportDesign exterior mirror upper trim in carbon, 20-inch 911 Turbo wheels painted in high-gloss black (optional)
- 3 Carbon mirror casings, carbon console trim in carbon, dashboard trim casings in carbon, F1® casings in carbon, air vents in carbon, air conditioned floor mats with carbon edging

Visit www.porsche.com/selection and discover everything about the configuration of this unique car.

The interior is just as stylish and elegant with the particularly appealing colour of Garnet Red. As a deliberate contrast, all decorative seams are in black. This combination gives the seats, dashboard, doors and countless details, including the air vents, steering column casing and steering wheel rim, a special kind of touch: an extravagant one.

Every Porsche Exclusive car is as individual as its driver. So it's no surprise that the illuminated door sill guards in

carbon and the floor mats with leather edging are also crafted in the same entirely individual fashion.

Are there any more details that you would like to change, to make sure that everything turns out exactly the way you envisaged? We'd be delighted to hear your ideas. After all, your 911 Turbo Cabriolet should reflect one thing: your individual personality.

1 P128 package in leather, air vents in leather, centre console box in carbon

2 Door trim package in leather, steering wheel rim with decorative stitching in contrasting colour

3 Three-spoke four-spoke steering wheel in carbon, illuminated

4 Garnet Red leather interior with decorative stitching in contrasting black

Colours and materials

Our engineering skill.
Your imagination.
An exclusive combination.

We can offer a comprehensive selection of colours and materials for you to choose from when designing your new Porsche. A range of colours to sample for the interior and exterior are available, as are high-quality materials such as leather, Alcantara, elegant mahogany¹⁾, carbon or aluminium to enhance the interior. You can find out what is possible at your Porsche Centre. Alternatively, you could visit one of our Customer Centres in Zuffenhausen or Leipzig, where we would be pleased to assist you directly and give you the exclusive advice you need (see page 52).

Some examples of colour to sample (interior)

Some examples of colour to sample (exterior)

Leather

Leather is a traditional, natural material – a true classic. Items made of leather are both timeless and hard-wearing.

Mahogany²⁾

Mahogany is a dark, fine wood. Its fine grain gives it a very modern and elegant look.

Aluminium

Brushed aluminium sets clear accents and lends the interior a sporty minimalist appearance.

Alcantara

This high-quality material is easy to care for, washable and has excellent non-slip properties.

Carbon

Carbon fibre is a light yet highly durable material used extensively in motorsport. Its sporty look is the ideal complement to the car's race-bred engineering.

¹⁾ Must be technically feasible and meet Porsche quality requirements.

²⁾ Does not exist as a natural product; there may be variations in colour and grain.

Exclusive expertise

When was the last time your dream became reality?

What better way could there be to make a Porsche even more special than to add your own personal touch? This has been the philosophy behind the Porsche 'Sonderwunschprogramm', known as Porsche Exclusive, since 1996. You can have your vehicle individually tailored to your unique requirements even before it leaves the factory. Handcrafted visual and technical enhancements for the

interior and exterior, using fine materials and with customary Porsche quality. The possibilities are as varied as your imagination allows.

At Porsche Exclusive, we create truly special cars and genuinely limited edition production runs with an intense passion for detail and a focus on quality craftsmanship. Our ever-constant goal is to ensure that each and every Porsche Car is exceptional.

with its own distinctive personality and character. Our latest example, the Panamera Exclusive Series.

On the following pages, we showcase 11 extraordinary Porsche models. All limited editions. They epitomize the precision at which Porsche Exclusive is tailored: exclusive expertise. Every vehicle created by Porsche Exclusive is unique and lives up to our claim and motto: 'Ultimate personalisation'.

1983

911 Street

As a precursor to GT3, Porsche built a closed-legal version of the type 911 racing car. The combination of power and luxury made the 911 Street unique in its class.

1992 to 1993

911 Turbo S Lightweight

In 1992 and 1993, the 911 Turbo S Lightweight was the highlight of the Porsche model range. Thanks to a carefully weight-saving construction, each one of the 96 exclusive models produced delivered extraordinary performance.

1993

911 Carrera 2 Speedster

In 1993, Porsche introduced an exclusive customer-driven, 15 cars of the then exclusive 911 Carrera 2 Speedster were given the prestigious Speedster by Porsche Exclusive. The limited sport of the 911 Turbo was also available as an option.

1993 to 1994

911 Turbo Flathead

A joint initiative of the 911 series, the 911 Turbo Carrera was available in Flathead design. Produced up to 1993 to 1994. The Flathead was built in 16 colors and a special 10 color special edition. Some of these were given as special gifts to clients.

1995

911 Turbo Cabriolet

A Porsche Cabriolet series of 100 exclusive and personally customized, a limited number of the 911 Turbo was produced in Cabriolet form. The combination of high air and turbo performance was available to just 14 customers.

1995 to 2000

Porsche Carrera Speedster

One of the fastest Porsche cars ever, the 911 Carrera Speedster was based on the 911 Type 996. Only two were made in 1995 and 2000.

1997 to 1998

911 Turbo 3

With the 911 Turbo 3 manufactured from 1997 to 1998, the Porsche Exclusive tradition of small-scale production reached its high point but also its demise for the time being. The 911 Turbo 3, of which 340 vehicles were made, was the only model in the series to achieve a top speed of 300 km/h.

2009 to 2010

911 Sport Classic

This production run from 2009 to 2010 proved the tradition with the intention to create a typical Porsche work of art. The 911 Sport Classic, with a double-horn roof, "teardrop" and 35-inch Sport Classic wheels with the traditional shaping of furlin wheels was limited to 250 units.

2010 to 2011

911 Speedster

Produced in a limited quantity of 250 from 2010 to 2011, the 911 Speedster not only distinguished itself by its hand-crafted, personalized interior. It distinguished itself visually from all other members of the 911 family thanks to its shorter wheelbase frame, rear doors with side air outlets and dynamically shaped "Speedster" front compartment lid with two hydraulic "butterfly" doors.

2012

911 Club Coupe

The first two Porsche Clubs comprised 22 members. That was 60 years ago. Since then, that number has grown to 912 globally, recognizes Porsche Clubs with around 265,000 members. A unique sports car was created in 2012 to honor the first club members: the 911 Club Coupe – with a strictly limited edition of just 25 cars.

2014 to 2015

Porsche Exclusive Series

In 2014 and 2015, Porsche Exclusive produced six Porsche Exclusive Series, a limited edition of 100 cars based on the Porsche Turbo S. Exclusive, its distinctive "Exclusive" badge on the rear wheel arches by Weissach, a hand-crafted glass door, a badge marking the limited edition model and the new Porsche New Deal (Leasing & Buy).
