911 Carrera 4S with Aerokit Cup, side skirts painted, Carrera S Powerkit, wheels painted black

Philosophy

**Our cars are state of the art.
And made to measure.**

Exclusivity. Individuality. Craftsmanship. Concepts which have always been associated with Porsche.

Porsche Exclusive stands for the individual personalisation of your vehicle, direct from the factory. The possibilities are as great as your imagination. You tell us what you want and we will do our utmost to give it to you – provided, of course, that it is technically feasible and does not compromise quality.

When customising a car, it is not enough just to use the best available materials. Our overriding principle has always been to make full use of the traditional skills of our craftsmen, carrying out the work by hand. Our specialists have years of experience in the hand crafting of decorative hardwoods, enabling us to bring out the individual character of this superb material.

What about carbon? Light and extremely durable. Expressing all the excitement of the racetrack. Or stainless steel? Very strong, polished and with a chrome finish – pleasing to the eye and extremely resistant to heat and corrosion. Or another truly brilliant possibility: highly-polished anodised aluminium.

Would you like to personalise the interior or exterior of your car, fit an Aerokit or painted wheels? Your wish is our command.

Material composition: leather, carbon, Alcantara and aluminium

Exclusive examples

Vehicle: Porsche.

Details: Porsche Exclusive.

A Porsche is more than just a car. It is also an expression of the personal freedom of its driver, and of their very own taste and lifestyle.

Porsche Exclusive offers you a wide range of individual extras so you can personalise your car to your own unique requirements. Straight from the factory. Visual and technical enhancements, for the interior and exterior. And always just as you want them.

The most important extra, though, is time. For it is only by taking the utmost care during the consultancy, planning and processing phases that it is possible to create something really special. Something which is exactly tailor-made to your requirements – down to the finest detail. Something unique. With its own unique character. A Porsche which is as special as its driver.

The following pages will show you five examples of Exclusive personalisations which are sure to inspire you. The captions describe a selection of the Exclusive range shown.

Colours and materials

Exceptional, extravagant, exquisite, excellent, exact.

In a word: Exclusive.

We can offer an exclusive range of colours and materials for you to choose from when designing your new Porsche – both inside and outside. Individual colours for the interior and exterior and also high-quality materials such as leather, Alcantara, fine macassar wood¹⁾, carbon, aluminium and stainless steel to enhance the interior. You can find out what is possible at your Porsche Centre. Or contact the Porsche Exclusive Customer Centre in Zuffenhausen directly for an individual consultation (see page 56).

Selection of individual colours: Marrone Metallic, Nordic Gold Metallic, Azurro California Metallic, Polar Silver Metallic

¹⁾ Since wood is a natural product, there may be variations in colour and grain.

Leather

Leather is a traditional natural material – a true classic. Items made of leather are both timeless and hardwearing.

Alcantara

This high-quality material is easy to care for, washable and has excellent non-slip properties.

Macassar wood¹⁾

Macassar ebony is dark and distinctive with a modern, elegant look. The deep black heartwood has reddish-brown lines and a dramatic, marble-like texture.

Carbon

Carbon fibre is a light yet highly robust material used extensively in motorsport. Its distinctive look perfectly complements the car's race-bred engineering.

Aluminium

Use this stylish metal or our special Aluminium Look finish to create striking interior highlights that evoke the purity of race car design.

Stainless steel

Stainless steel is an especially pure material, and it looks absolutely first class.

Exclusive expertise

When was the last time your dream became reality?

A philosophy of thinking laterally and pursuing different routes is undoubtedly what has led Porsche in a very special direction: an exclusive one. Towards small-scale production and special editions which commenced at the beginning of the 1980s with the 935 Street and which continue to this day. At the heart of it all is the Porsche 'personalisation programme' which has been known since 1986 as Porsche Exclusive.

The 25th anniversary of Porsche Exclusive sees us continuing that tradition of small-scale production with a vehicle which yet again shows you just what we're capable of. A vehicle that takes us back to where the dream began – to the first Porsche, in fact, the Porsche 356. Hence, the limited number of 356 and the name of the vehicle: the 911 Speedster.

The 911 Speedster may well be a limited edition, but your dreams know no limits. We do everything possible to fulfil your wishes. To make your Porsche even more exclusive and exactly how you imagined it to be. We're even happy to include extras featured on the 911 Speedster. So whether your preference is for a PDK gear selector/handbrake lever in aluminium, black painted mirror attachment point finishers and exterior mirror lower trims, or door sill guards with personalised logo, almost anything is possible.

This is how we continue to create unique vehicles. And make dreams come true. Perhaps even yours one day soon.
