## Philosophy

Why shouldn't you make something special even more special?

Ferry Porsche once said, "We think it's more important to make especially good cars than to make an especially large number of them."

A way of thinking that's traditional at Porsche, and one that you will still find here today. Since 1986, under the name Porsche Exclusive, we have been dedicated to fulfilling our customers' special wishes and developing unique vehicles, bringing ultimate personalisation to the road. Because the possibilities of tailoring the design and performance of your Porsche to produce a distinctive, one-off creation are practically inexhaustible.

In addition to using the best materials like leather, Alcantara, carbon, wood and aluminium, our most vital commodity is our craftsmanship. It is only by using our hands that we can meet our own high requirements, when applying leather, painting or polishing. Or when tailoring and stitching or when assembling parts in our Exclusive manufacturing process. Always taking the appropriate amount of time. Or, in other words, with the greatest care, composure, concentration, passion and devotion. To result in a consistent concept, right down to the smallest detail. Truly a one-off creation. Your Porsche.

Special composition: leather, carbon, wood, aluminium and Alcantara

## Exclusive examples

We'll never stop making dreams come true.  
Let's shake on it.

Our challenge is to realise your dream car, just the way you envisioned it. With visual and technical enhancements for the interior and exterior, from a single alteration to extensive modifications. Tell us what you would like and we will do our utmost to make it happen, provided that it is technically feasible and does not compromise on quality.

We can make your vehicle even sportier, even more comfortable and even more individual. What can you expect? Originality, inspiration and enthusiasm, beginning as early as the consultation. Focusing on what is most important: your particular wishes. Even with the choice of materials. Whether high-quality leather, Alcantara, wood, aluminium or carbon – we give every detail our full attention.

The following examples are intended to inspire you. Give free rein to your imagination and then create your complete dream car at your Porsche Centre or online with the Porsche Car Configurator. The Porsche Exclusive team at our Customer Centres in Zuffenhausen and Leipzig will be happy to help.

Useful information on how to design your Porsche can be found on page 48. Turn to page 50 or visit [www.porsche.com](http://www.porsche.com) to find lots of interesting facts from the world of Porsche.

Cayman S with SportDesign package: rear side air intake grilles painted in black, exterior mirror housings painted in black, wheel highlights, wheel bolsters, wheel designations on doors in black, wheels painted in satin platinum (optional).

# Cayman S

Agate Grey Metallic

Why should you have to limit  
your yearning for freedom?

It goes without saying that a Cayman S is  
a Porsche. And it doesn't need mentioning  
that a Porsche is a unique sports car.  
And yet, everything can be further  
enhanced. The personalisation and the  
sportiness. Combined uncompromisingly  
in the Cayman S in Agate Grey Metallic.

It's already evident from the sports chassis  
with the 20 mm lower bodyside: this  
Cayman is sporty. Very sporty. Crouched  
low on 20-inch Carrera S wheels featuring  
centre spokes with a black-painted finish,  
ready to pounce at any time. This ambition  
is emphasised even more by the sports  
exhaust system.

The exterior package, painted in black,  
lends a visual contrast to the paintwork in  
Agate Grey Metallic. This includes the  
rear side air intake grilles, the rear apron  
and the exterior mirror lower trims.  
If you like, we can also paint the headlight  
clearing system covers.

To match: black model designation on  
the doors and the tinted LED taillights. It  
goes without saying that you can  
also add more personalisation options  
for the interior.

1 Sports chassis (20 mm lower), interior package painted in black, tinted taillights, sports exhaust system

2 Model designation in black, wheels painted in black (optional)

3 Exterior package in carbon, heated multifunction steering wheel in carbon, interior package in carbon

4 LED package in carbon, air sport seats in leather, Sport Design steering wheel in carbon, leather

and leather in Racing Yellow, storage compartments with model logo

Visit [www.porsche.com/usa](http://www.porsche.com/usa) to find out everything you need to know about configuring this unique vehicle

The interior of this unique vehicle is predominantly leather, in Agate Grey – to match the exterior colour. A luxurious ambience is created, for example, by the dashboard trim and door trim package in leather, the PCM package in leather and the rear-view mirror in leather. Even the air vent slats are in leather. The storage compartment lid boasts the model logo.

A homage to racing sport: carbon. This high-tech material is used in the interior package, the multifunction steering wheel and the centre console trim.

Vindication of a full-blooded sports car just raring to go can also be seen in the Sports bucket seats with moulded a Porsche crest on the headrests, and the Racing Yellow seat belts. The dials on the instrument cluster and on the Sport Chrono stopwatch are also in Racing Yellow.

We could continue describing what makes this car so unique however, we would rather let the pictures do the talking – and leave you to enjoy it. With the key pouch in leather and the painted vehicle key in your hand.

- 1 Three halogen, xenon-powered headlamps
- 2 Moulded multifunction steering wheel in carbon, instrument cluster dials in Racing Yellow
- 3 Sport Chrono stopwatch instrument dial in Racing Yellow, air-vent dials in leather, which key painted
- 4 Interior package in carbon, centre console trim in carbon, PCM package in leather
- 5 Sports Chrono (20 km/hour), exterior package painted in black, model designation in doors in black, which painted in black (optional)

# Cayman S

Racing Yellow

As far as the design is concerned  
we've not heard the final word.

Extravagant? Sporty? Both. And most  
certainly unconventional. Compromises?  
Certainly not. Actually, it's precisely  
these properties that make the Cayman S  
so special and sought after – exactly as  
it should be. Or, to put it more clearly,  
exactly how you want it to be. After all,  
you make the final decision where the  
design is concerned.

Simply follow your taste – and its  
forward impetus. The Cayman S is just  
as distinctive as your imagination and  
originality. Let's take the Cayman S in  
Racing Yellow for example. An exterior  
colour which, together with the

SportDesign package, alludes to its high  
dynamics right from the first glance.  
What about the second glance? Proof  
that harmony can be full of surprise.  
The evidence: tinted taillights and model  
logo in the contrasting colour of black on  
both doors. Accompanied by both the  
rear side air intakes as well as the  
exterior mirror lower trims painted in  
black. Add the distinctive sports tailpipes  
and the dynamic character of your  
Cayman S in Racing Yellow, and it comes  
into its own – even when stationary.

1) SportDesign package, side sills and wheel arches painted in black, exterior mirror lower trims painted in black,  
model designation on front in black, wheels painted in satin platinum transparent

2) SportDesign package, tinted taillights, sports tailpipes

3) Centre console trim painted, PDK package painted, SportDesign steering wheel in Alcantara, PDK gear selector  
in Alcantara, all seat side panels, instrument cluster shell in Racing Yellow, Sport Design dashboard instrument  
bar in Racing Yellow, storage compartment for cell phone in black, and foot rest in leather

Visit [www.porsche.com](http://www.porsche.com) to find out everything you need to know about configuring this unique vehicle

Not enough for you? Then add an extra contrast with wheels painted in satin platinum.

Inside or outside? It really doesn't matter to a true athlete. That's why the ergonomically designed interior is also aimed at performance and individuality. You can adapt virtually any element to your own requirements. How about having the Porsche Crest embossed on the headrests? Or you could reflect the exterior colour on the inside. You can finish the centre console trim or the PCM surround in Racing Yellow, the same as

the round instrument dials, with the painted air vent slats to match. In addition, the aluminium pedals and footrests in the footwell make a distinctive design statement.

You can already look forward to the result. A Cayman S built just the way you expect it to be, according to the code of the curve – and completed to meet your specific requirements. Really, just as it should be. Consistently Porsche – consistently you.

- 1) Pedals and footrest in aluminium
- 2) PCM surround painted, SportDesign steering wheel in leather, PDK gear selector in leather
- 3) No seat side painted, centre console not painted, SportDesign dashboard painted, Alcantara in Racing Yellow
- 4) SportDesign package, rear side air intake grilles painted in black, exterior mirror housings painted in black, LED headlights, sports exhaust, model designation in door in black, wheels painted in satin platinum (optional)

# Cayman S

Rhodium Silver Metallic

The only limit is your imagination.  
Why not unleash it.

Right from its launch in 2005, there has only ever been one route for the Cayman – the direct one to the next corner. Along the way, it makes no compromises, refuses to go with the flow and has just one goal in mind – to thrill the very soul of its driver. The result is an unmistakable sports car with an unmistakable character.

It means there is no room for run-of-the-mill solutions and no time for diversions. The focus is very much on what matters, namely driving pleasure and performance. Or rather on enhancing both. It's a unique stance, and one that is immediately apparent when looking at the exterior of the Cayman S. Its muscular lines and sporty details lend the car a

dynamic presence. One which you can enhance even further if you unleash your imagination. An exterior in Rhodium Silver Metallic is just one example.

The consistency and single-mindedness with which the car pursues its goals is reflected in every perspective. For example, the rear apron and the sporty rear side air intake grilles are in the exterior colour. The headlight cleaning system covers and the exterior mirror lower trims are likewise finished in the same Rhodium Silver Metallic, to lend even greater emphasis to the car's dynamic character. Pure athleticism cannot be expressed in a more refined, succinct form than this.

1 Exterior package painted, headlight cleaning system covers painted, 20-inch SportDesign wheels

2 Rear side air mirror grilles painted

3 Interior package in leather, centre console trim in brushed aluminium, dashboard and door trim packages in leather, instrument surround in leather, rear-view mirror in leather, gear shift knob in leather, steering column cover in leather, PCM package in leather, storage compartment lid with metal logo

Visit [www.porsche.co.uk/cayman](http://www.porsche.co.uk/cayman) to find out everything you need to know about configuring this unique vehicle.

20 Cayman S Rhodium Silver Metallic

The Cayman has a powerful, robust, sporty sound which can be enhanced even more with the addition of the sports exhaust system. The sports tailpipes adds a particularly dynamic edge to the overall look, as indeed do the decidedly muscular 20-inch SportTechno wheels. They take the Cayman S in the only direction it wants to go: the next corner.

The interior also very much emphasises the performance, as demonstrated by the interior package in brushed aluminium. Trim elements on the dashboard, door panels and centre console are made from aluminium, as is the gear lever inlay.

As you would expect from an athlete, a consistent and focused approach has been taken.

High-quality leather design elements, such as the steering column casing and the PCM, provide dynamic contrasting touches. The storage compartment lid bears the model logo and the Porsche Crest is embossed on the Sports seats Plus.

Regardless of where your journey leads you, the Cayman S, with its illuminated stainless steel door sill guards, ensures that you get off to an athletic start. And that together you follow the code of the curve, right to your destination.

- 1 Externally mirror-lower trim painted, for weight-reducing light-grey painted
- 2 Illuminated stainless steel door sill guards
- 3 Centre console trim in brushed aluminium, PCM package is leather
- 4 Externally package painted, sports exhaust system, 20-inch SportTechno wheels

Visit [www.porsche.com/usa](http://www.porsche.com/usa) to find out everything you need to know about configuring the vehicle online.

# Cayman S

The rules of physics are clearly defied.  
Everything else is up to you.

Even the Cayman S cannot defy the laws of physics. But it can push them to the limits – even redefine them. And it does so with just one goal in mind. To go its own way, shunning customary concepts and conventions. Corner after corner.

It takes conviction to build such an uncompromising sports car, and a particular flair to create a unique design. The Cayman S in White epitomises both.

That drive for exclusivity and individuality is very much evident right from first glance.

And right down to the smallest of details too. Before you get in, look at the black model designations on the doors. The lower trims of the exterior mirrors, the rear side air intake grilles and the headlight cleaning system covers are painted black to match. The rear apron is in the exterior colour.

Tinted taillights add an impressive finishing touch. While the sports tailpipes accentuates the unmistakable sporty character of the Cayman S.

- 1 Exterior mirror lower trim painted in black, rear side air intake grilles painted in black, headlight cleaning system covers painted in black, model designation on doors in black, 20-inch SportDesign wheels painted in black gunmetal
- 2 Model designation on doors in black, tinted taillights, rear apron painted, sports tailpipes, 20-inch SportDesign wheels painted in black gunmetal
- 3 Interior package painted, centre console trim painted, PCF package painted, instrument cluster glass in white, SportDesign computer screen in white, aluminium trim and door trim package in carbon, rear-view mirror in carbon, air vent caps in carbon, steering column casing in carbon, storage compartment lid with Porsche Crest, seat belt buckles in carbon

Visit [www.porsche.com/armenia](http://www.porsche.com/armenia) to find out everything you need to know about configuring this unique vehicle.

Anyone wanting to go their own way needs to adopt a clear stance – and a presence to match. The muscular 20-inch SportTechno wheels, featuring centre spokes with a black painted finish, ensure you have both.

In the interior, the high-quality natural leather appointments in Espresso reveal the car's elegant side. Far from being a contradiction in terms, this is simply one more challenge that the Cayman S has skillfully mastered.

Both the centre console trim and the PCM package and the trims on the dashboard and doors are painted in white for an especially stylish look. The steering

column casing and even the air vent slats all feature meticulously handcrafted leather trim to enhance the exclusive ambience. The personalised floor mats also have leather edging, whilst the headrests of the Sports seats Plus and the storage compartment lid are embossed with the Porsche Crest.

Passion for detail can be seen right before your eyes as the dials on the instrument cluster and on the Sport Chrono stopwatch are in white.

If you would like to further personalise the interior, the possibilities are as diverse as your wishes.

1 20-inch SportTechno wheels featuring centre spokes with a black painted finish

2 Centre console trim painted, storage compartment lid with Porsche Crest, seat belt buckles in leather

3 Air vent slats in leather, Sport Chrono stopwatch instrument dial in white

4 Steering column casing in leather

## Colours and materials

Our engineering skill.  
Your imagination.  
An exclusive combination.

We can offer a comprehensive selection of colours and materials for you to choose from when designing your new Porsche. A range of colours to sample for the interior and exterior are available, as are high-quality materials such as leather, Alcantara, elegant mahogany<sup>1)</sup>, carbon or aluminium to enhance the interior. You can find out what is possible at your Porsche Centre. Alternatively, you could visit one of our Customer Centres in Zuffenhausen or Leipzig, where we would be pleased to assist you directly and give you the exclusive advice you need (see page 48).

Some examples of colour for exterior paint<sup>2)</sup>

Some examples of colour for exterior paint<sup>2)</sup>

### Leather

Leather is a traditional natural material – a true classic. Items made of leather are both timeless and hard-wearing.

### Mahogany<sup>1)</sup>

Mahogany is a dark, fine wood. Its fine grain gives it a very modern and elegant look.

### Aluminium

Brushed aluminium sets clear accents and gives the interior a sporty, minimalist appearance.

### Alcantara

This high-quality material is easy to care for, washable and has excellent non-slip properties.

### Carbon

Carbon is a light but highly durable material which has its origins in motorsport. Its sporty look is the ideal complement to the car's race bred engineering.

<sup>1)</sup> Must be technically feasible and meet Porsche quality requirements.

<sup>2)</sup> Does not exist as a natural product. There may be variations in colour and grain.

## Exclusive expertise

When was the last time your dream became reality?

What better way could there be to make a Porsche even more special than to add your own personal touch? This has been the philosophy behind the Porsche 'Sonderwunschprogramm', known as Porsche Exclusive, since 1996. You can have your vehicle individually tailored to your unique requirements even before it leaves the factory. Handcrafted visual and technical enhancements for the

interior and exterior, using fine materials and with customary Porsche quality. The possibilities are as varied as your imagination allows.

At Porsche Exclusive, we create truly special cars and genuinely limited edition production runs with an intense passion for detail and a focus on quality craftsmanship. Our ever constant goal is to ensure that each and every Porsche car is exceptional.

with its own distinctive personality and character. Our latest example, the Panamera Exclusive Series,

On the following pages, we showcase 11 extraordinary Porsche models. All limited editions. They epitomize the precision at which Porsche Exclusive is tailored: exclusive expertise. Every vehicle created by Porsche Exclusive is unique and lives up to our claim and motto: 'Ultimate personalisation'.

1983

### 911 Street

As a one-off in 1983, Porsche built a street-legal version of the type 911 racing car. The combination of power and luxury made the 911 Street unique in its class.

1992 to 1993

### 911 Turbo S Lightweight

In 1992 and 1993, the 911 Turbo S Lightweight was the highlight of the Porsche model range. Thanks to a carefully weight-saving construction, each one of the 85 exclusive models delivered extraordinary performance.

1993

### 911 Carrera 2 Speedster Softtop

In 1993, Porsche introduced an exclusive convertible model, 15 cars of the then exclusive 911 Carrera 2 Speedster were given the prestigious Softtop by Porsche Exclusive. The hard top of the 911 Turbo was also available as an option.

1993 to 1994

### 911 Turbo Platinum

A jewel in the crown of the 911 series, the 911 Turbo Carrera was available in Platinum design. Produced up to 1993 by 1994. The Platinum model was initially 75 vehicles and, in addition to other special modifications, some of these were given an optional turbo engine.

1995

### 911 Turbo Cabriolet

A Porsche Carrera model for evening and evening's customers, a limited number of the 911 Turbo was offered in Cabriolet form. The combination of high air and turbo performance was available to just 14 customers.

1995 to 2000 >>

#### **911 Carrera Speedster**

One of the rarest Porsche cars ever, the 911 Carrera Speedster was based on the 911 Type 996. Only two were made in 1999 and 2000.

1997 to 1998 >>

#### **911 Turbo S**

With the 911 Turbo S manufactured from 1997 to 1998, the Porsche Exclusive Edition of small-scale production reached its high point but also its climax for the time being. The 911 Turbo S, of which 949 vehicles were made, was the only model in the series to achieve a top speed of 330 km/h.

2009 to 2010 >>

#### **911 Sport Classic**

This exclusive production run from 2009 to 2010 blended the traditional with the modern to create a typical Porsche work of art. The 911 Sport Classic with a double-dome roof, 'worktail' and 19-inch Sport Classic wheels with the traditional styling of Fuchs already was limited to 250 units.

2010 to 2011 >>

#### **911 Speedster**

Produced in a limited quantity of 200 from 2010 to 2011, the 911 Speedster not only impressed with its handcrafted, personalized interior, it distinguished itself visually from all other members of the 911 family. Thanks to its lighter windshield frame, rear apron with side air outlets and dynamically styled Speedster Road compartment lid with two muscular 'breastlines'.

2012 >>

#### **911 Club Sport**

The first two Porsche Clubs celebrated 125 members. That was 60 years ago. Since then, that number has grown to 912 globally. Throughout Porsche Club's with around 185,000 members. A unique sports car was created in 2012 to honor the first club members: the 911 Club Sport – with a strictly limited edition of just 125 cars.

2014 to 2015 >>

#### **Panamera Exclusive Series**

In 2014 and 2015 Porsche Exclusive produced the Panamera Exclusive Series, a limited edition of 100 cars based on the Panamera Turbo S Executive. An exclusive feature inside all Exclusive series cars by Porsche Plus: a handblown glass dome, a badge marking the limited edition model and the new Porsche New Deal Extended Plan.

## Designing your Porsche

Porsche Exclusive.  
What else is exclusive to each and every car? Exclusive advice.

Everything starts with the right advice and your exclusive wishes and requirements. We offer personal support and individual expert advice to each and every customer. So why wait? Make an appointment with your Porsche Centre to discuss your requirements. Or contact our Porsche Exclusive Customer Centre in Zuffenhausen directly by e-mailing [customercenter-exclusive@porsche.de](mailto:customercenter-exclusive@porsche.de) or calling +49 711 911-25977.

You can see what we really mean by customisation at our Porsche Exclusive Customer Centres in Zuffenhausen and Leipzig. Here, you can select the materials, such as leather, wood or aluminium, the paint finishes that you desire and plan your own Porsche using the Porsche Car Configurator.

We want to show you what we can do and experience how we make customer requirements into reality, here, directly on site. All down to the smallest detail, just as you would expect from Porsche Exclusive.

The Porsche new vehicle warranty applies to all Porsche Exclusive options and special designs. Please appreciate that some Porsche Exclusive options may require a longer delivery lead time.

## Porsche Car Configurator

The Cayman: great potential for cornering – and in design.

Taste, personality and style. You decide how to refine the Cayman to your personal preference. With the Porsche Car Configurator, you can see the result instantly on your computer. Create a Cayman of your own in just four easy steps.

An interactive 3D tool then lets you see it from the inside and the outside, by day and by night. You can save your configuration and print it out directly.

At [www.porsche.com](http://www.porsche.com) you will find the Porsche Car Configurator and lots more about the captivating power of Porsche.

## Panorama
